DETAILED ACTION

Reissue Applications

1. This office action is responsive to the amendment filed on 04/03/2009.
2. The amendment to the specification filed 02/29/2008 is improper because:
 - In the Abstract, line 4, "physically" should be underlined;
 - In the Abstract, line 6, "electrically" and "connected" should be underlined;
 - In the Abstract, line 7, the recitation "between the first and third antenna groups" should be changed to --between the first [second] and third antenna groups--.
3. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.
4. A new oath is required because the amendment to claim 1 in the declaration filed 04/03/2009 is not same as amendment in claim 1 filed on 04/03/2009. In declaration, Claim 1, line 7, the recitation "electrically disposed" is different from the recitation "electrically connected [disposed]" in the amended claim 1.
5. Claims 1-56 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.
